8741 Landmark Road
Richmond, VA 23228
ATTN: Jennifer Berger, Purchasing

Dear Ms. Berger:

This letter is in response to your request for a Material Safety Data Sheet (MSDS) for Watson Dicyclomine Tablets, Carisoprodol Tablets, Cyclobenzaprine Tablets, and Silver Sulfadiazine 1% Cream.

Enclosed is the MSDS sheet for the Silver Sulfadiazine 1% Cream. With regard to your request for a Material Safety Data Sheet (MSDS) for Watson oral solids, please be advised that this requirement is not applicable under Federal OSHA law. The MSDS requirement is not applicable due to the following exception:

Paragraph 1910.1200 (b)(6) of the OSHA Hazard Communication Standard (Title 29, Code of Federal Regulations) exempts solid oral dosage forms, such as tablets and capsules, from the requirement of MSDS forms. In addition, over-the-counter products packaged for direct consumer sale and prescription items packaged for direct patient use are exempt from the rule.

Because of this exemption, Watson Laboratories, Inc. does not maintain MSDS forms for oral solids. Should you require additional safety information, please be advised that similar medical emergency information is available in product inserts/outserts shipped with the product or in sources such as the Physician's Desk Reference. We also can provide that information.

If you have any questions, please call me (800-272-5525).

Sincerely,

Michele Dishon, Pharm.D.
