Similac® Special Care® 24 High Protein

Premature High Protein Infant Formula with Iron

- 1 A 24 Cal/fl oz iron-fortified feeding for growing, low-birth-weight infants and premature infants who may need extra protein to help support growth. Studies have shown that the growth of hospitalized infants is related to protein intake.^{1,2}
- 1 Use under medical supervision.
- 1 Has a unique blend of nucleotides to help support the developing immune system.
- 1 Similac Special Care 24 High Protein is a convenient way to deliver additional protein without using powders.
- 1 DHA and ARA, nutrients naturally found in breastmilk that are important for brain and eye development.
- 1 Lutein and DHA to support the developing eyes and brain.
- 1 Calcium and phosphorus at concentrations - and ratio (1.8:1) - that supports intrauterine accretion rates.³
- 1 Approximately 2 mg iron/kg body weight per day, when fed at 120 Cal/kg body weight per day.
- 1 Mixes easily with other Similac® Special Care® formulas for a variety of high-caloric, nutrient-dense formulas—helps eliminate potential for mixing errors.
- 1 Halal.
- 1 Kosher.

Safety Precautions

- 1 Not intended for feeding low-birth-weight infants after they reach a weight of 3600 g (approximately 8 lb) or as directed by a doctor.
- 1 If signs of intolerance develop, slow feeding or discontinue.
- 1 Never use a microwave oven to warm formula. Serious burns can result.

Similac® Special Care® 24 High Protein

Premature High Protein Infant Formula with Iron

Preparation

Can be mixed to a variety of caloric densities using the **Similac® Special Care® Liqui-Mix® System**. Follow physician's instructions.

Ready to Feed

The health of the infant depends on carefully following the directions for preparation and use. Proper hygiene, handling and storage are important when preparing infant formula.

- 1 Do not add water.
- 1 Shake very well.
- 1 **Do not use if breakaway ring is missing or broken.**
- 1 Twist off cap.
- 1 Twist on nipple and ring.
- 1 Pour desired amount into feeding container or attach nipple and ring (not included).
- 1 **Once oral feeding begins, use within one hour or discard.**
- 1 **If signs of intolerance develop, slow feeding or discontinue.**

Storage & Handling

Ready to Feed

- 1 Avoid prolonged exposure of bottles to light.
- 1 Store unopened at room temperature; avoid extreme temperatures.
- 1 If original bottle was not used for feeding, recap immediately and store in refrigerator **for up to 24 hours**.
- 1 Do not reuse bottle.
