

PULLMAN-HOLT

Gloss Boss Microfiber Spray Mop System Model GB30T

Introducing Pullman-Holt's new commercial spray mop, model GB30T. Designed for small business, offices, retail stores and for households looking for professional results. The GB30T includes a 30oz solution reservoir, easy-to-use trigger grip solution dispenser and 18.5-inch microfiber pad. The combination of using an uncontaminated solution source, on-demand chemical dispensing and microfiber technology helps clean floors 60% faster than conventional mopping products..

Compare the GB30T with a popular retail store mop

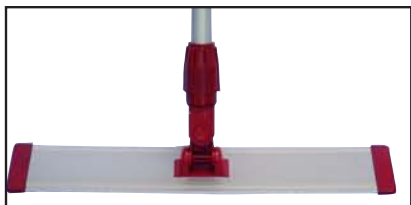

- Microfiber pad is good for 500 uses and wash cycles. No need to purchase expensive disposable refill cloths.
- Use your favorite cleaning chemical or water. No need to buy expensive replacement chemical refill bottles.
- Non-battery operated spray activation. No need to buy expensive replacement batteries

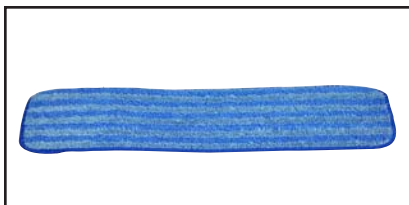

Includes two spray tips, spray mist tip for general cleaning and jet-stream jet for heavily soiled floors.

Adjustable spray nozzle for directing solution to hard-to-reach areas.

Handle and base plate constructed of aircraft grade aluminum for heavy-duty daily use.

Washable, reusable microfiber pads for hundreds of cleaning jobs. Microfiber fibers have positive electrostatic charge to attract fine dust and dirt particles.
